

CSC Staff Packing List

Most staff over pack for the summer. You will have access to laundry facilities and will be provided with laundry detergent during the summer. Plan to wash your clothes after one wearing. You will be sweaty at the end of the day and your roommates will appreciate it if you start each day in fresh clothes.

Most of your clothes should be comfortable tee shirts and shorts. It will be hot at camp this summer. We are working with children so dress appropriately, no vulgar humor, no short shorts or low cut tops. (see the policies and procedures for more details)
